BIOLOGICAL SOCIETY MEETS.

Papers on Scientific Work Read by Several Members.

The Biological Society of Washington met last night in the assembly room of the Cosmos Club. Papers were read by several members, including "Recent Work on the House Fly," by R. H. Hutchinson; "Recent Spread of the Mexican Boll Weevil," by W. Dwight Pierce; "Remarks on Entomological Inspection and Disinfection of Products Offered for Entry into the United States," by E. R. Sauer, and "An Outline of the Glowworms of the American Family Phengodidae," by H. S. Barber.

Collision Damages Auto.

Automobiles belonging to Leo Nelesen and Dr. L. Z. Elliot collided at Thirteenth and I streets northwest yesterday. No one was hurt. Mr. Elliot's car, driven by Robert Price, was badly damaged.

In the following sentence there are all the letters of the English alphabet: "Pack my box with five dozen liquor jugs."

SCHOOLMEN'S CLUB DINES.

First Series of Six Meetings Held by Organization.

The first of a series of six meetings of the Federal Schoolmen's Club was held at the Hotel Continental, on North Capitol street northwest, Saturday evening. A dinner was served. Prof. Dewitt C. Croissant, of George Washington University, delivered an address on simplified spelling. Dr. W. C. Reudiger, also of George Washington University, president of the club, was the presiding officer.

NEW YORK MONEY MARKET.

New York, Nov. 4.—Money on call ruled between 2-1/2 to 3 per cent. Time money ruled very inactive during the week, with very few transactions in evidence. Mixed loans, 3-1/2 per cent for sixty days; 3-1/4 to 3-1/2 per cent for ninety days; also for four, five and six months. Mercantile paper quiet, all local institutions being willing to wait for better rates. 3-1/2-3-3/4 per cent for sixty and ninety days; 3-1/2-3-3/4 per cent for four, five and six months.

PLUSH COATS

The test of a progressive coat and suit house comes in seasons of scarcity—in seasons when the demand is greater than the supply.

THIS IS SUCH A TIME and THIS IS SUCH A TEST

that gives us an opportunity to serve our customers with that sureness of satisfaction that could not be expected from a less responsible house.

Few Houses Have Plushes in Quantity—We Have!

Now, as always, you can save \$5 to \$10 on a Plush Coat at NEY'S.

200 Very Fine TRIMMED HATS \$2.95

Whether or not you are in need of a new hat, see these on Monday.

Milton R. Ney, 801 Penna. Ave. N. W. "One Price to All"

ASKS HEIRESS BRIDE'S RETURN TO HIS HOME

Policeman Guy W. French, Alleging Alienation, Sues for \$50,000.

"If my wife is permitted to return to me this suit will be dropped at once," said Policeman Guy W. French, of the Tenth precinct, last night, discussing his short-lived romance as husband of the wealthy Atala Beale, which terminated in the filing of a \$50,000 suit for alienation of affections against Mrs. Margaret K. C. Beale, mother of Mrs. French, in District Supreme Court yesterday.

"I am not in this suit for money," said French vigorously, "but no one can break up my home, no matter if they have all the money in the world, without protest on my part."

"I have not seen my wife since July 28, when she went to Atlantic City, but I understand she is now in Tacoma, Wash. If it is the intention to have her get a divorce, I shall oppose it strongly."

"In a letter to my sister, she declares she is heartbroken over our separation, but that her folks will not countenance her living with me."

"My mother-in-law has never seen me nor have I seen her, so her prejudice against me is unwarranted. I may not have money, but I have self-respect and there is no good reason for their objections. There will be no settlement outside of court, unless my wife is permitted to return to me."

French married the heiress after a brief courtship. He met her first when her home became unmanageable in Rock Creek Park and he saved her at the risk of his life. Subsequent meetings culminated in a trip to Rockville, Md., where they were married last April, two months after the rescue.

Mrs. French is well known socially. Her father and mother, Mr. and Mrs. Joseph Beale, have a handsome residence on Sheridan circle and entertain lavishly.

Wireless Newspaper Will Go to 10,000

World Events to Be Flashed Through Air Every Evening.

New York, Nov. 4.—The high cost of print paper will not prove a source of worry to the new wireless "newspaper," the first issue of which will come from the De Forest experimental laboratories at High Bridge Monday. Dr. Lee De Forest predicts the new publication will have a circulation of 10,000. He expects its growth will be rapid.

The news of the world as well as music by opera stars will be placed before the subscribers to the new publication nightly.

All amateur wireless operators within 100 miles of New York will have from half an hour to an hour of news and music every night by tuning their instruments to the wave length of the sending station at the laboratories. The entertainment will begin at 7:30 and the music records will be furnished by the Columbia Graphophone Company. Election returns will be sent Tuesday night.

Dr. De Forest is enthusiastic over the possibilities of wireless publication. When the idea is developed, he said, farmers may string their wires from the wind mill to the cupola of the barn and have the latest news of the world and the voices of the greatest singers served to them as soon as they have finished their chores.

A megaphone invented by a Boston doctor is constructed on the theory that the ram's horn is the technically correct shape for the best sound reproduction.

ALEXANDRIA ESCAPES CAMPAIGN TURMOIL

Not One Candidate for President Has Pledges on Hustings.

THE HERALD BUREAU, R. E. Knight & Son, 625 King Street.

Alexandria, Va., Nov. 4.—For the first time in many years Alexandrians will go to the polls Tuesday and cast their ballot without having heard a single political speech in this city in behalf of a Presidential candidate. Little or no politics have been discussed. The fact that the State was going "dry," completely overshadowed political talk.

Only one meeting was held and that was a nonpartisan one, which was inspired by Washington plate printers who endorsed Representative C. C. Carlin for re-election. Interest centers in the Congressional race, between Representative Charles C. Carlin, Democratic nominee; Joseph L. Crutcher, Republican, and William H. Hamilton, Independent Republican.

There are about 1,900 qualified electors in the city and it is expected that something like 1,500 will vote. President Wilson, of course, is the favorite, Alexandria always voting Democratic.

Places for voting in the four wards, with the election officials, are:

First ward, Armory Hall—Charles H. Waller, commissioner; Charles Hall and David E. Robey, judges; Frank D. Moore and Norris Roland, clerks; second ward, 130 North Royal street—Hugh Moss, commissioner; S. A. Forrest, John H. Schuman, judges; Charles Schwab and Edward A. Harlow, clerks; third ward, 516 Queen street—W. F. Penn, commissioner; William Hinken and Joseph Ewald, judges; James B. Martin and John H. Fisher, clerks; fourth, Friendship engine house—C. M. Lennon, commissioner; Arthur J. Downey and Charles F. Downey, judges; T. Lee Fannon and Carlin R. Creighton, clerks.

A small sized army of Alexandrians tonight went to Washington for their week-end "boogie." Extra trains were required on the electric line to accommodate the crowds. After 6 o'clock each outgoing train was crowded to capacity.

Washington saloon men greatly profited by the increased trade. Several hundred country persons who came to this city today, and who had overlooked the fact that the State had gone "dry," also journeyed to Washington. Returning Alexandrians on late trains brought back enough to tide them over Sunday; it is reported.

Only a single arrest for drunkenness had been made up to a late hour last night. Not one arrest has been made for violating the State prohibition laws. Several representatives of Prohibition Commissioner J. Sidney Peters are in the city on the lookout for violators of the law, it is reported.

Miss Catherine A. Birrell, daughter of Mr. and Mrs. Edwin M. Birrell, of Braddock, Alexandria County, and John A. King, of Boston, were married at 3 o'clock this morning at St. Mary's Catholic Church. The ceremony was performed by Rev. Louis Smet, pastor. Only immediate relatives of the contracting parties attended. Following the wedding Mr. and Mrs. King left for Boston, where they will spend their honeymoon. Upon their return they will reside at the home of the bride's parents, at Braddock, Alexandria County.

Today in Corporation Court in the suit of Hattie H. Gates against R. H. Cox, sergeant administrator of the estate of Robert Hill, deceased, and others, was referred to H. Noel Garner, special commissioner in chancery.

The November term of the Circuit Court, Judge J. B. T. Thornton presiding,

will convene at 11 o'clock Monday instead of 10 o'clock. A number of chancery cases will come up for consideration.

The Allison W. C. T. U. will observe Virginia red letter day at 7:30 o'clock on Monday night at the Children's Home. Refreshments will be served. The public is invited.

A final decree for divorce on the ground of desertion was given today in the Corporation Court in the suit of Hunter Brodough against Blanche L. Bronaugh. Plaintiff was represented by Attorney S. G. Brent.

INVESTIGATES CAR DEARTH.

Interstate Commerce Commission to Inquire Into Shortage.

Investigation of the freight car shortage throughout the country was ordered yesterday by the Interstate Commerce Commission. The failure of informal conferences to reach a solution of the problem prompted the commission to issue an order for a thorough investigation, with every railroad engaged in interstate commerce named as a defendant. The investigation will be a sweeping inquiry as to the "supply, exchange and interchange of all freight cars," and will be opened at Louisville, Ky., November 8.

BALK AT SIX-YEAR TERM

Addition of three years in the reserve to the Federalized National Guard enlistment term is proving a stumbling block to reorganization. Members of guard organizations returned from the border decline to accept the clause which holds them subject to service for six years, three years with the colors and three years in the reserve. More than 40,000 Guardsmen are said to oppose the requirement that they respond to the call of the President as well as of the governor.

Federal funds will be withheld from recalcitrant organizations. November 30 is the time limit for Guardsmen to accept the new provisions. If the returned outfits do not come up to the minimum requirements for peace strength within a reasonable period after November 30, they will be mustered out of Federal service.

E. J. Ward Heads G. U. Freshmen.
Edward J. Ward was elected president of the freshman class of the Georgetown University Law School last night at the school. Other officers are B. E. Shlesinger, secretary; Francis J. Rooney, treasurer; William C. Perkins, historian; G. W. Welch, sergeant-at-arms.

Piedmonts pay no duty
—no ocean freight
—no marine insurance

All the value of Piedmonts is in the cigarette itself—where it should be.

The reason is that Piedmonts, being made of Virginia-Carolina tobacco, pay no duty. They're mild, and mellowed by the South's golden sunshine.

If you ask a tobacco expert, he will tell you that Virginia-Carolina is the best cigarette tobacco on earth.

"A package of Piedmonts, please." *Liggett & Myers Tobacco Co.*

Piedmont
The Cigarette of Quality

NOTE—It is impossible to sell a package of 10 cigarettes of all Turkish tobacco for 5c. Not that this Turkish tobacco costs more than Virginia-Carolina, but because duty, ocean freight, marine insurance and expensive handling charges must be added to the cost of all Turkish tobacco. But Piedmonts, made of highest-grade Virginia-Carolina tobacco, have none of these valueless expenses. All their value is in each cigarette.
